

WHAT CAN I DO WITH A MAJOR IN...

AGRONOMY

Description of Major

A Bachelor of Science in Agronomy encompasses the application of sciences to the integrated management of plants, soil, and climate for high-quality production of food, feed, fiber, and fuel. Agronomists are interested in improving crop production and efficiency while conserving natural resources and maintaining the environment. Here at MSU, students choose a concentration in one of the following:

- Agricultural and Environmental Soil Sciences
- Golf and Sports Turf Management
- Integrated Crop Management
- Integrated Pest Management

For more information on this major, visit <http://www.pss.msstate.edu>, stop by 117 Dorman Hall, or call 662-325-8742.
