## WHAT CAN I DO WITH A MAJOR IN...

### BUSINESS INFORMATION SYSTEMS

#### Description of Major

The Bachelor of Business Administration degree with a major in Business Information Systems (BIS) prepares students for a variety of careers in corporate, industrial, governmental, and military establishments. Business information systems provide information that organizations use to manage themselves efficiently and effectively, typically using computer systems and technology. Primary components of business information systems include hardware, software, data, procedures (design, development, and documentation) and people. A concentration in International Business is available to all business majors.

Students majoring in BIS will study how to utilize information systems and technology to improve the flow of business and business decision-making. For more information on this major, please visit [www.business.msstate.edu](http://www.business.msstate.edu), stop by 302 McCool Hall, or call 662-325-3928.
