## WHAT CAN I DO WITH A MAJOR IN...

### GENERAL SCIENCE

#### Description of Major

The Bachelor of Science in General Science is designed to give students a broad, flexible general education while teaching them the fundamentals of science. Any one of the physical or biological sciences may be emphasized. Students choosing this degree path are in demand in the health industry, science laboratories, federal, state, and local governmental agencies, and in industries involved with earth resources. For more information on this major, visit [Bachelor of Science in General Science](#), stop by Allen Hall, or call 662-325-2646.
