

WHAT CAN I DO WITH A MAJOR IN...

LANDSCAPE ARCHITECTURE & LANDSCAPE CONTRACTING AND MANAGEMENT

Description of Majors

A Bachelor of Science in Landscape Architecture connects to art, culture, and the environment to provide society with places that people love and that are cognizant of a holistic, ecological model of design. Our students explore subjects such as the design process, storm water design, energy flow, native landscapes and plant materials, green infrastructure, sustainability, community planning, and regional planning. The program provides students with preparation for a variety of positions as well as for the licensing examinations required by most states. For more information on this major visit, <https://www.lalc.msstate.edu/>, stop by LA Facility, Stone Boulevard, Suite C-100 or call 662-325-3012.
