

WHAT CAN I DO WITH A MAJOR IN...

POULTRY SCIENCE

Description of Major

A Bachelor of Science in Poultry Science will prepare you to enter this industry, providing in-depth study of scientific principles important in the production, processing and marketing of poultry and poultry products. The curriculum is designed with academic and hands-on learning to ensure that as a graduate, you are prepared to manage people and resources vital to this important food industry. Students can choose from two concentrations:

- Applied Poultry Management and Science
- Pre-Veterinary Science

For more information on this major visit, <http://www.msstate.edu/dept/poultry/> stop by 325 Wise Center Drive or call 662-325-3416.
